## **Welcome**

U3A Bendigo is a voluntary community organisation run by members for members. We are pleased to offer a wide range of activities that aim to provide social connection, intellectual stimulation and physical exercise for people no longer in full-time employment.

Our activities are designed to reflect the needs and abilities of our membership. They give members the opportunity to learn or try something new while keeping their minds and bodies active in life's third age.

Members may enroll in any of our activities that run weekly, fortnightly or monthly. Members can also enroll in Tuesday Talks, Short Courses, Social Gatherings or other events run throughout the year. All activities are generally run during the day at venues across Bendigo by members we call Convenors. Our Convenors have acquired a lifetime of knowledge, skills and interests and are willing to share their specialty.

Members are asked to let their Convenor or the office know if they choose not to continue in their activity, so as to allow others who might be on a wait-list to participate in the activity.

While the Prospectus is periodically updated, please check the U3A website at <https://u3abendigo.com/> or the BUZZ newsletter for the latest updates.

All activities are listed under broad subject areas in the Table of Contents. For instance, if you like playing games, look for the Games heading then go to the relevant page and you will see our games listed by title in alphabetical order with a description of each, including frequency, date, time and location.

Please enroll online via our website at [u3abendigo.com](https://u3abendigo.com/) through U-MAS, our membership management system. If you need help, please email [activities@u3abendigo.com](mailto:activities@u3abendigo.com) or call into the office on Tuesday or Friday mornings from 9:30 am to 12:00 pm.

Cribbage is fun and one of the best card games for two three or four players played with a standard pack of 52 cards. No previous knowledge is necessary. New players are often taught on a one-to-one basis by our friendly group. Scoring improves arithmetic and observation powers, and it also provides ample opportunity for experienced players to use winning tactics when playing their four-card hand. The game was invented in 1642 by Sir William Suckling who came to an untimely end a year later at the ripe old age of 33 years.

**Convenor: Prue Mansfield**

So, you are someone who loves words, twists and jokes. You might already do the straight crosswords and glance at the cryptic, bemused at those nonsensical phrases. Maybe you've promised yourself you'll learn how to do cryptics 'one day'. Or you've given it a go now and then and given it up! We've all done that too. Come and join us in our weekly brainsport...analysis, observation, ignoring the rules of grammar, dredging up obscure facts, with as many a ha moment as groans. What was the ingredient in those blue bags in the laundry? Is laptop ever 2 words? What about famous "Frank's" Anne, Sinatra, Zappa, ...furt? We thrash out the clues together, brainstorm, love it when someone knows just the obscure fact we need. A success is both our grey matter and laughing muscles having a good old work out. And mostly completing the puzzle.

It will suit people who participated in the 2020 and 2021 U3A Uke sessions, and any newcomers who already have a reasonable level of proficiency in playing the ukulele. Activities will include playing songs and other music which involve more than just basic chords, and may include different parts, interesting strumming patterns, finger picking, and material that requires the reading of tabs (tablature). Participants will need to already: know a range of chords and be relatively fluent in changing chords; be able to read and apply chord diagrams to play new chords (i.e. it's not so much a matter of how many chords you currently know, as being able to pick up new ones relatively easily); be able to play a variety of strumming patterns and to pick up new patterns; be able to read ukulele tabs (tablature); be able to do some basic finger picking patterns. Participants should have a keen desire to progress with their playing skills and be prepared to commit to working on their proficiency week to week so that they, and the group, can consistently progress in their playing skills.

While no prior experience is required anyone who has played in the past and wishes to brush up their technique is welcome to come along. Leo is happy to provide recorders for people who do not have instruments of their own. The first half hour is set aside for beginners learning to play their chosen instrument; they are then free to stay and join the full consort for the next hour. The more experienced players play music arranged for four voices ranging from popular folk songs and Christmas carols to simple arrangements of baroque and classical music. The aim is to develop a repertoire so that the group can perform in public such as aged care settings and end of year U3A concerts.

## **Short Courses**

### **223SHC2: Soulful Ageing**

**Type: Short Activity**

**Dates: 03/05/2022 - 31/05/2022**

**Frequency: Weekly Tuesdays, 12.00 – 1:30**

**Location: KF Room 1 Corner Church/Bank Streets Kangaroo Flat**

**Convenor: Julie-Anne Wood**

Jung believed that the “afternoon of life” was as important as youth and that it had a new purpose and meaning for individuals. If you are interested in learning how to age in a soulful way, enroll in this course to learn about the soul’s mission as the individual ages, accepting ourselves, and finding revitalized energy to live an authentic life. Meet the shadows of ageing and attune to the soul’s longings and explore meaning of ageing beyond doing. In this course, Julie-anne Wood, founder of the Inner Work Academy, counsellor and mentor, will extend her views to later life. Life after 60 can feel like we’re in a state of limbo, unable to let go of the past or see future possibilities. A depth psychological approach to the late-life identity crisis requires us to turn within. If we complete this rite of passage, shifting our focus from our outer identities from our role to the soul, we can release the heroic ego’s strivings, find renewal in an identity beyond our previous roles, and become who we truly are, perhaps for the first time.

### **223SHC3: Coil Basket Making-Beginners**

**Frequency: Short Course Wednesdays 13:00 - 15:00**

**Location: KF Room 2 Corner Church/Bank Streets Kangaroo Flat**

**Convenor: Tony Ford**

Coil baskets have been made in many Indigenous cultures around the world, including the local Dja Dja Wurrung people. This group will start with raffia, which is easy to use, and a single style of stitching. We’ll make a simple raffia coil basket before branching out to use other natural materials, other types of stitching and shaping, and perhaps dying of raw materials if time permits. Weaving is best done sitting in a circle, chatting and exchanging ideas and information. By the end of a session, we have usually solved the problems of the world and gained many insights into Indigenous culture. The circular form and repetitive nature of coil basket making can also be quite meditative. And you don’t have to be “crafty”.

Details of walks and meeting place are published each month in the BUZZ. This is an all-year-round activity. The Hikers Group walks are from 8 to 15kms and may be easy, medium or hard. The duration depends on the walk and travel distances, with an average of 4-6 hours total time away. Car-pooling is regularly used, particularly for the walks further away from Bendigo. The group gives members an opportunity to enjoy the natural, and some built, environments of Central Victoria, while maintaining their fitness and socialising. Walks may have a historical or natural history focus where members' expertise and interests can be shared. During the summer months, walks are generally local and restricted in length with cancellations on declared fire danger days. The Hikers share with the other walking groups an annual five-day camp in Sept/ Oct in a different area of Victoria each year. Members must be able to walk for several hours for the easy walks. For hard walks walkers must be able to walk up and down steep hills, including on unstable surfaces. Walkers are expected to take their turn leading walks but will be given help with this. For other information, please go to the U3A Website to find Guidelines etc.
